Dear Manager:

While looking for interesting links to put on our web site devoted to miniature pinschers, we came across an article where volunteer effort raised food and supplies for a local animal shelter. We would like to do something similar for Stillwater's Humane Society.

Our idea is to coordinate a volunteer effort on August 21 to encourage patrons to purchase and donate food and supplies. Volunteers would stand outside the store handing out fliers encouraging patrons to buy food or supplies. When the patron comes out of the store, the items could be donated to the volunteer.

My husband, Gene, and I have been Stillwater residents for eleven years and have owned our own computer consulting business, Cherrytree Enterprises, Inc., since 1995. One of our business ventures, as mentioned above, is Zeus's Doghouse (www.zeussdoghouse.com), a web site devoted to miniature pinschers. We are devoted pet owners and would like to give something back to the community. We would appreciate any help you could give us with this effort.

Sincerely,

Jana
